**Please see the attached list** of additional facilities in the greater Dayton area. They are served primarily by the DOGTORS group trained at Ginghamburg, but are opened to all of our teams. Several are done in groups.

The above and the attached are not all-inclusive lists. If you are interested in working in a facility not listed, please contact that facility – usually the Activity Director or Volunteer Services is the place to start, or if you prefer, contact Bob to lay the ground work.

Thank you for your caring of others and taking time to make a difference in their lives through your cherished pets.
